P. O. Box 1964

MAY 18 1983

Mr. Donald Brady
4636 Adams Center Road
Fort Wayne, IN 46806

Dear Mr. Brady:

Re: Disposal of Asbestos Powder from
Millbank Manufacturing
Kokomo, Indiana

This letter acknowledges the request for disposal dated April 23, 1983, from Adams Center Landfill.

Approval is hereby granted for disposal of 2.5 gallons, one time only, of asbestos powder at the Adams Center Landfill, OPP. No. 2-1, Allen County. The waste is to be mixed with solid waste and covered with a minimum of six inches of cover soil immediately.

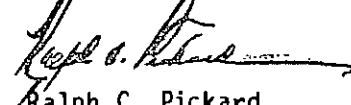

The approval is granted subject to the following conditions:

1. The generator and/or hauler must contact you to notify you of the time of disposal and conditions of shipment.
2. Appropriate protective clothing should be used during handling and disposal to ensure proper protection from exposure to the material, especially from inhalation.
3. All asbestos must be sufficiently dampened to prevent airborne contamination during compaction.
4. Bags should be labeled with a proper warning label stating:
Caution--Contains Asbestos--Avoid Opening or Breaking Container.
Breathing Asbestos is Hazardous To Your Health.
5. If nuisance or pollution conditions are created, immediate corrective action will be taken by the operator.
6. This approval will expire July 31, 1983.

This approval will be revoked if the landfill fails to maintain compliance with 320 IAC 5-1, et seq. (Regulation SPC-18). Any necessary local approval must be obtained from the Fort Wayne-Allen County Health Department.

If you have any questions, please contact Mr. Don Daily of the Solid Waste Management Branch at 317/633-0196.

Very truly yours,

Ralph C. Pickard
Technical Secretary

DRD
